Careers

Since September, we have been pleased to offer our students access to independent careers advice through a dedicated careers advisor who has been visiting the school regularly. The careers advisor has held one-to-one meetings with all Year 11 and Year 10 students to provide tailored advice and guidance regarding their future options. Additionally, meetings with Year 9 students are underway to ensure they begin thinking about their next steps post-16. In the Summer term, Year 8 and Year 7 students will also have the opportunity to meet with the careers advisor.

If you have any questions regarding our careers programme or if you would like to offer support, please do not hesitate to contact our Careers Lead, Mr. Andrew Fulker, at andrew.fulker@sail-academy.org

Safeguarding Update

Mobile Phone Safety

Recently, several parents have reached out with concerns regarding how best to monitor their children's devices. As technology plays an increasingly significant role in education and social interactions, it's important to ensure our students are using their devices safely and responsibly. Therefore, we thought we should share some useful information.

Mobile phone providers now provide free content filtering for mobile phones.

If your child has a mobile phone that can access the internet, you can contact them for more help and advice on keeping them safe and whether content filtering is already in place or needs to be activated.
